

# DIY BUBBLE MIXTURE RECIPE

Makes 350ml

Prep 5 minutes

50ml washing-up liquid (one part) - I use fairy liquid it's the best.

300ml water (six parts)

## DIRECTIONS :

1. Measure the washing-up liquid into a container, such as a jam jar or bowl.
2. Slowly add in the water, being careful not to create too many bubbles at this stage. Gently stir the mixture together to combine . Use a paper straw for this.
3. If you can, let the bubble mixture rest before using it, as it will make your bubbles even better.
4. When you're ready, dip your bubble wand into the mixture and start blowing bubbles!
